Try a different method The following version of the book was used to create this study guide: Sutherland, Tui, Wings of Fire Book 13: The poisonous jungle. Scholastic Press, New York, NY, 2019. Kindle Azw file. The poisonous jungle is set in Pantala, a continent inhabited by three Tribou of Draghi - the eyeblids, the leaves and the silk. Fifty years before the events of this novel, the three courts were involved in a war that ended because the Queen of Hivewing, a dragon named Wasp, convinced the silk that the Clearsight book was already expected that the Hivewings they would have won the war. The thirst agreed to accept Wasp as their queen and have since experienced a subordinate life among the Hivewings. The leaves refused to submit and hid in the poisonous jungle since then. Sundew is a dragon of leaves that has leafspeak, a power that allows it to communicate and manipulate plants. She has grown between a faction of the leaves intent on revenge to the point that they are not able to enjoy any aspect of their life. Sundew is now friends with a Hivewing named Cricket which is immune to the mental control that Wasp has on almost any other Hivewing. The cricket believes that the Hivewings would be a very different trifer if they could also escape mental control. Sundew also made friends with two thirst, blue and sword and discovered that the seeds are not submissive cowards as she had been taught. Sundew is unable to completely put aside her desire for revenge, but she came to help the Hivewings to escape the control of Queen Wasp, seeing him as a step towards a peaceful resolution that can avoid a total war. Sundew has always believed that the court of her was the innocent victims of that war, but discovers that she is the reason why Queen Wasp developed the ability to use mental control over the Hivewings. The leaves had initially planned to use a to control Queen Wasp's mind, but the plan backfired. Now, Sundew and her friends are seeking an antidote which leads them to an exiled LeafWing named Hawthorn. Hawthorn claims to have found the antidote. Sundew uses her leafspeak power to grow more of the plants, only to discover she is growing more of the eAAAbreath of evil eAA plant. She also discovers Hawthorn has been taken over by an ancient entity she calls "othermind," who is intent on reclaiming Pantala from the dragons. Sundew winds up with a relatively small group of dragons who have not fallen victim to the effects of the plant, and feel they have no choice but to flee Pantala. Armed with a map that shows the way across the ocean to Pyrrhia, they set out with the hope of regrouping, gaining some allies, and forming a plan to retake Pantala from othermind. The New York Times bestselling series continues with a thrilling revelation eAAA brand-new tribes of dragons!Some secrets are deadly.It's no secret that Sundew wants to destroy the HiveWings. It's her life's mission to exact revenge on the tribe that tried to wipe out the LeafWings and ripped every tree from the surface of Pantala. Every tree, that is, except the wild and dangerous Poison Jungle, where the surviving LeafWings have been hiding since the war. Hiding, plotting, and waiting for a dragon like Sundew, who is uniquely qualified to bring down the Hives. There are dark secrets in the jungle, though eAAA some that Sundew is keeping, and some that she's only just beginning to discover. And now that a new war is upon them, Sundew and her friends must unearth the oldest secret in the jungle eAAA even if what they find has the power to destroy them all.
